

## Arturo Fuente Rosado Sungrown Magnum R44

Art.nr. 369

Innovation is traditionally the domain of the young, but the Arturo Fuente Rosado Sungrown Magnum R Vitola Forty-Four is a new take on a cigar brand that just turned 100 years old. Carlos Fuente Jr., the lead blender for Fuente, is best known for such power smokes as Fuente Fuente OpusX. To make the Rosado Sungrown series of cigars, he looked to his warehouses of well-aged Ecuadoran Sumatra wrapper, taking leaves placed lower on the plant than the ones he uses for the spicy VSG and creating a more sublime and mellow blend.
